Press Release

18th September 2008

New Organic Cocoa Powder available to NZ Manufacturers

Hawkins Watts Ltd today announced the launch of a new organic certified cocoa powder to the New Zealand market.

The cocoa powder is a premium quality powder made from Certified Organic cocoa beans sourced from the Dominican Republic. The powder is certified to USDA-NOP standards which are internationally recognised.

“We have had increasing interest in organic products and this new ingredient allows us to offer organic manufacturers new product possibilities” said Sandra Murray, Business Development Manager at Hawkins Watts Ltd

The cocoa powder has a 20-22 % fat content and is alkalised to provide a richer flavour and colour.
